FINANCIAL PERFORMANCE

Other operating income in the first quarter amounted to minus NOK 6 million (minus NOK 2 million) and relate to commission income on loans and net accounting loss in connection with early repayment of issued bonds.

Losses in the portfolio are low, and in the first quarter the company recognised income of NOK 0.2 million (recognised expense of NOK 0.2 million) in loan write-downs.

All the loans have a loan-to-value ratio within 75 per cent of market value or are generally written down. Individual loan write-downs amounted to approximately NOK 1 million (NOK 3 million) and group loan write-downs amounted to NOK 1 million (NOK 2 million) at the end of the quarter.

The company's loan programme has a AAA rating from S&P Global.

At the end of the first quarter of 2017, the company had a liquidity portfolio consisting of fixed-income securities with a AAA rating from S&P with a market value of NOK 142 million. The investment is classified at fair value through profit or loss.

At the end of the quarter, the company had issued covered bonds with a total carrying amount of NOK 12.3 billion, with remaining terms of approximately 3 months to 5 years. NOK 11.8 billion of these bonds has been placed in the market, while the remaining NOK 0.4 billion is being held in the parent bank.

Storebrand Boligkreditt AS has two credit facilities with Storebrand Bank ASA. One of these is a normal overdraft facility, with a ceiling of NOK 6 billion. This has no expiry date, but can be terminated by the bank on 15 months' notice. The other facility must have a sufficient ceiling at all times to be able to cover interest and repayment on covered bonds and the associated derivatives for the next 12 months. This drawing right may not be terminated by Storebrand Bank ASA until at least 3 months after the maturity date of the covered bond and the associated derivatives with the longest period to maturity. Standard covenant requirements are linked to the loan agreements entered into. In the year to date, all terms and conditions have been satisfied for all signed loan agreements.

Equity in the company at the end of the quarter amounted to NOK 1,102 million (NOK 1,010 million) after group contributions paid/received. The net primary capital at the end of the quarter amounted to NOK 1,096 million (NOK 1,096 million). The capital base of Storebrand Boligkreditt AS consists entirely of pure core capital. The pure core capital adequacy ratio in the company was 17.6 per cent (19.6 per cent) at the end of the quarter. The requirement for primary capital was 15 per cent as of 31 March 2017. The company has satisfactory solvency and liquidity based on the company's business activities. The company satisfied the combined capital and capital buffer requirements by a good margin at the end of the quarter.

The purpose of the liquidity coverage requirement (LCR) is to measure the size of the company's liquid assets, in relation to the net liquidity outflow 30 days in the future given a stress situation in the money and capital markets. The LCR was introduced for Storebrand Boligkreditt AS from 30 June 2016 with a minimum LCR with escalation. From and including 31 December 2016, the credit company must comply with an LCR of 80 per cent. The requirement will be increased to 100 per cent from 31 December 2017. At the end of the year, the company's LCR was 182 per cent.

STRATEGY AND FUTURE PROSPECTS

In 2017, Storebrand Boligkreditt AS will continue its core activity, which is the acquisition and management of home mortgages from Storebrand Bank ASA. The company is aiming for moderate growth in collateralisation during 2017.

The housing market and developments in total non-performing loans will be closely monitored. Efforts to ensure good working procedures and high data quality will continue and thereby ensure that government and rating requirements continue to be fulfilled. Developments in the Norwegian and international capital markets, interest rates, unemployment and

the property market are regarded as the key risk factors that can affect the results of Storebrand Boligkreditt AS in 2017.

New issues of covered bonds will be made available when the company decides it is prudent to do so and there is sufficient security. Storebrand Boligkreditt AS will continue to contribute to Storebrand Bank ASA having diversified financing.

No events of importance to the preparation of the interim financial statements have occurred since the balance sheet date.
