Strategy and future prospects

Storebrand Boligkreditt AS will continue its core activity, which is the acquisition and management of mortgages from Storebrand Bank ASA. The company is aiming for growth in collateralisation also during 2024.

The market trends and the non-performing loans are being closely monitored. Efforts to ensure good working procedures and high data quality will continue and thereby ensure that government and rating requirements continue to be fulfilled.

Developments in the Norwegian and international capital markets, interest rates, unemployment and the property market are regarded as the key risk factors that can affect the performance of Storebrand Boligkreditt AS. With the war in Ukraine and turbulent capital markets, both in Norway and

internationally, the company is paying extra close attention to the funding markets.

New issues of covered bonds will be made available when the company decides it is favourable to do so and there is sufficient collateral. Storebrand Boligkreditt AS will continue to contribute to secure Storebrand Bank ASA a diversified financing.

The Board of Directors are not aware of any events of material importance to the preparation of the interim financial statements that have occurred since the balance sheet date.
